Design 1

Tap the circle to see more details and file options (pause, delete, etc.)

Dots at bottom represent each file in the category; the file with a dark circle in the center is the file shown on the screen.

Queue

Downloads

The Weeknd - Trilogy

75%
2.1 MB/s

Swipe up to see Queued Torrents, down to see Past/Saved Torrents, and side to side to navigate through the torrents in each category.

When the user swipes to Queue or Library, "Downloads" minimizes and moves to the bottom or top of the screen, depending on the direction.

Library

Design 2

Queue

Downloads

Scroll through Torrents clockwise; five are shown at a time, but Torrents farther "down" on the list show up when the ones on-screen disappear through the line.

Progress is shown by the green line on the outside of each picture; tap the pic to see more details.

As with the previous design, swipe up to see Queued and down to see Past/Saved Torrents.
